UTILITY DIVISION
DOCKET NO. 80.5.14
DEFAULT ORDER NO.4662

On April 15, 1980, MOUNTAIN STATES TELEPHONE and TELEGRAPH COMPANY (Applicant) filed tariffs with the Montana Public Service Commission pursuant to jurisdiction granted by 69-1-103 et seq., MCA, requesting approval of revised tariffs establishing rates to introduce the NITEL Paging Access Circuit, Multi-Function Telephone and the ComKey 2152 14-Line Answering Position.

Having considered the application and the documentation furnished by Applicant in support of its application and deeming itself fully advised in the premises, the Commission makes the following Findings of Fact and Conclusions of Law:

FINDINGS OF FACT

1. A Notice of Opportunity For Public Hearing to be held, if requested, was published as a legal notice in ten daily newspapers. The notice stated that if no requests for a public hearing were received by June 10, 1980, an appropriate order may be issued based upon evidence submitted with the application.

2. No requests for hearing were received and no hearing was scheduled.

3. The filing establishes rates and charges to introduce the MITEL Paging Access Circuit, Multi-Function Telephone and the Com-Key 2152 14-Line Answering Position.

4. Cost support data were filed to show the development of the proposed rates and charges for the service items. The data indicates that the proposed rates and charges are compensatory.

CONCLUSIONS OF LAW

1. The Commission has jurisdiction over parties and the subject matter in this proceeding.

2. The resulting rate levels are reasonable and just.

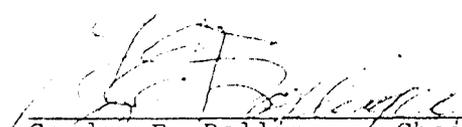

ORDER

IT IS ORDERED by the Commission that the new and revised tariff sheets necessary to establish rates and charges for the MITEL Paging Access Circuit, Multi-Function Telephone and the ComKey 2152 14-Line Answering Position are approved.

The revised tariffs will be effective for telephone service rendered on and after the service date of this Order.
