Electric Rates. )

UTILITY DIVISION  
DOCKET NO. 81.6.61  
DEFAULT ORDER NO. 4830

On June 24, 1981, Black Hills Power and Light Company (BHPL) (Applicant) filed a petition with the Montana Public Service Commission pursuant to Sections 69-3-101 et. seq., MCA for an order authorizing the Applicant to increase its electric rates in order to recover the increasing cost of fuel used in the generation of electricity. The fuel costs concerned are for the months of March, April, and May, 1981.

Having considered the application and the documentation furnished by Applicant in support of its application and deeming itself fully advised in the premises, the Commission makes the following Findings of Fact and Conclusions of Law:

FINDINGS OF FACT

1. A Notice of Opportunity for Public Hearing to be held, if requested, was sent to the Montana Consumer Counsel, and all of the Applicant's Montana customers. The notice stated that if no requests for a public hearing were received by July 27, 1981, an appropriate order would be issued based upon evidence submitted with the application.
2. No protests nor requests for a hearing were received and no hearing was scheduled.
3. If increased fuel costs for the March, April, and May, 1981 are to be recovered, an increment of \$.00280 must be added to the base fuel cost of \$.00821 approved in Docket No. 6746 which results in a total fuel charge of \$.01101 per KWH.

CONCLUSIONS OF LAW

1. The Commission has jurisdiction over parties and proceedings in this matter.
2. The resulting rate levels are reasonable and just.

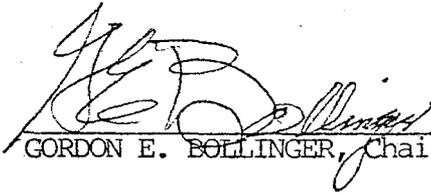

ORDER

IT IS HEREBY ORDERED THAT:

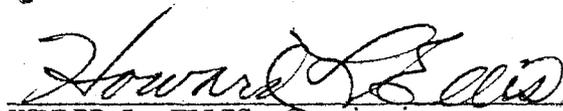

1. The Quarterly Fuel Rate Rider for the billing period of August, September, and October 1981 is \$.00280 per KWH. This charge shall be in addition to the base cost approved in Docket No. 6746.
2. The approved rates shall be effective for electric service rendered on and after August 1, 1981.
