On January 9, 1984, Black Hills Power and Light Company (BHPL or Applicant) filed a petition with the Montana Public Service Commission pursuant to Sections 69-3-101 et. seq., MCA for an order authorizing the Applicant to decrease its electric rates in order to reflect the decreased cost of fuel used in the generation of electricity. Having considered the application and the documentation furnished by Applicant in support of its application and deeming itself fully advised in the premises, the Commission makes the following Findings of Fact and Conclusions of Law:

FINDINGS OF FACT

in this matter.

2. The resulting rate levels are reasonable and just.
