On September 15, 1988, the Town of Eureka (Applicant or Town) filed an application with the Montana Public Service Commission for an order authorizing the Applicant to decrease its rates and charges for sewer service. The Applicant indicates in its filing that the retirement of outstanding sewer revenue bonds will decrease its annual revenue requirement.

Having considered the application and documentation furnished by the Applicant in support of its application, and deeming itself fully advised in the premises, the Commission makes the following Findings of Fact and Conclusions of Law:

FINDINGS OF FACT

1. The retirement of the outstanding sewer revenue bonds will result in a reduced revenue requirement for the sewer utility.
2. The Applicant alleges that the decreased rates will provide sufficient revenue to operate its utility.
3. The Applicant anticipates that the proposed rates will decrease its annual revenues by approximately \$5,340.

4. The Applicant's request to decrease sewer rates to consumers within its service area should be granted.

CONCLUSIONS OF LAW

1. The Applicant, the Town of Eureka, is a public utility as defined in Section 69-3-101, MCA. The Montana Public Service Commission properly exercises jurisdiction over the Applicant's rates and service pursuant to Section 69-3-102, and Title 69 Chapter 7, MCA.

2. The rates and rate structure approved in this order are just and reasonable. Section 69-3-201, MCA.

ORDER
