DEPARTMENT OF PUBLIC SERVICE REGULATION
BEFORE THE PUBLIC SERVICE COMMISSION
OF THE STATE OF MONTANA

* * * * *

IN THE MATTER Of the Application)	UTILITY DIVISION
of U S West Communications for)	
Forbearance of Rate Regulation)	DOCKET NO. 91.9.37
Re: St. Vincent Hospital)	
_____)	ORDER NO. 5574

FINAL ORDER

FINDINGS OF FACT

1. On September 18, 1991, U S West Communications (USWC) filed an application with the Montana Public Service Commission (Commission or PSC) requesting forbearance of rate regulation for intraLATA long distance service (Message Toll Service - MTS, including Dial Station-to-Station, Customer Dialed Calling Card Station-to-Station, Operator Handled Station-to-Station, Operator Handled Person-to-Person and received calls on a collect basis) for Saint Vincent Hospital and Health Center, Billings Montana. USWC makes its application pursuant to Section 69-3-808, MCA.

2. On September 25, 1991, at a duly noticed worksession, the Commission GRANTED USWC's forbearance application based solely on the contents of USWC's application. USWC's application stated that Saint Vincent Hospital and Health Center was an MCI subscriber at the time USWC submitted its application.

3. Attached to and referenced in USWC's application was a letter from Saint Vincent Hospital and Health Center addressed to

USWC, dated August 24, 1991, requesting a proposal for intraLATA long distance service.

4. Although the forbearance statute (Section 69-3-808, MCA) may not permit analysis of the economic merits of USWC's discounted sales prices in considering the forbearance application itself, the Commission intends to analyze the merits of such discounts in later dockets. There is absolutely no evidence in the instant or past forbearance applications that prices resulting from a negotiated contract or contracts for the services listed herein or in past applications will cover relevant economic costs. Further, no economic cost studies have been accepted by this Commission for USWC's toll services (see Order Nos. 5354d and 5354e, Docket No. 88.1.2). Therefore, USWC is hereby put on notice that to the extent any such sales prices resulting from a negotiated contract for the services listed herein fall below the Commission's estimate of relevant marginal costs, the resulting shortfall shall be borne by USWC shareholders.

CONCLUSIONS OF LAW

1. USWC provides regulated telecommunications service within the state of Montana and is a public utility under the regulatory jurisdiction of the Montana Public Service Commission, Sections 69-3-101 and 69-3-803(3) , MCA.

2. The Commission has authority to supervise, regulate and control public utilities. Section 69-3-102, MCA.

3. USWC's application contained the information required by Section 69-3-808, MCA and ARM 38.5.2715.

ORDER

1. USWC is GRANTED FORBEARANCE of rate regulation with respect to the provision of intraLATA Message Toll Service for Saint Vincent Hospital and Health Center.

DONE AND DATED this 15th day of October, 1991, by a 5 to 0 vote.
