Attached please find the following documents for filing in the above-referenced docket:

- (1) Additional Issue Testimony of Karen Knudsen on Behalf of the Clark Fork Coalition;
- (2) Clark Fork Coalition Second Set of Data Requests to Mountain Water Company (on Mountain Water's rebuttal testimony); and
- (3) Statement of the Clark Fork Coalition Regarding Rebuttal Testimony of John Kappes.

According to the Amended Procedural Order, the deadline for filing the first two documents listed above was last Friday, September 9, 2011. I e-filed the three documents on Friday and served the same via email to the service list, but was unable to have the hard copy delivered for filing until first thing this morning, September 12. Hard copies to all parties also went out in Friday's mail.

Please excuse the tardiness of these filings. I am requesting that you allow them to be filed today. Please contact me if you have any questions or concerns.

Thank you.
