OF THE STATE OF MONTANA

IN THE MATTER of the Pass Through of Fees) UTILITY DIVISION
Levied on Regulated Companies for Funding the) DOCKET NO. D97.9.165
Office of the Montana Consumer Counsel.) ORDER NO. 6014

FINAL ORDER

1. Section 69-1-223, MCA, provides for funding the office of the Montana Consumer Counsel (MCC) by a fee on all regulated companies (as defined at § 69-1-201(3), MCA). The Department of Revenue has notified the Public Service Commission (PSC) of the tax rate which will be effective for the period beginning October 1, 1997 and ending September 30, 1998. Section 69-1-224(4), MCA, requires that the PSC "by separate order authorize each regulated company to fully recover in its rates and charges, on an annual basis, the fees levied" This Order is being issued pursuant to that requirement.

2. The applicable rate for the tax period beginning October 1, 1997 is .07 percent (.0007). In order to permit full recovery of the MCC fees, this Order permits all regulated companies affected by this Order to reflect this tax rate in their revenue requirement as of October 1, 1997.¹ All rate regulated companies that pay the MCC fee may file tariffs reflecting the .07 percent tax rate.

3. The tax rate for the period October 1, 1996 through September 30, 1997 was .08 percent. Companies collecting at the .08 percent rate will be required to change their rates. Companies that are collecting the MCC tax at the .08 percent must file new tariffs

¹ "[R]egulated companies affected by this Order" means those companies that are rate regulated by the PSC. Other companies regulated "in any manner" (§ 69-1-401(2), MCA) by the PSC are subject to the MCC tax but do not need special authorization to recover the tax in their prices.

by October 1, 1997; or, in the alternative, these companies must accrue the over collection beginning October 1, 1997 and include it with a later tariff change. Such tariff change may not occur later than October 1, 1998.

4. Except for regulated companies that are currently recovering the MCC tax at the .08 percent rate (or higher), the filing of tariffs reflecting the rate authorized by this Order is permissive, not mandatory. Regulated companies may choose not to recover the MCC tax, or may choose to continue recovering less than the current tax, in cases where the amount to be recovered would not justify submitting new tariffs. A regulated company may choose to defer implementing tariffs reflecting the tax until a later date (e.g., to coincide with other tariff changes). It should be noted, however, that the revenue requirement may not be accumulated unless otherwise authorized by the PSC.

5. All regulated services of a rate regulated company must absorb the rate increase proportionately to that service's contribution to the total gross operating revenue generated by the regulated activities within this state. As limited exceptions to this general approach, however, the floors in "flexible band" tariffs need not be exceeded and special market-based rates need not be increased.

CONCLUSIONS OF LAW

1. Pursuant to §§ 69-3-102, 69-12-201, 69-13-201, 69-14-111, MCA, and the Laws of Montana (1997), Chapters 349, 505 and 506, the Montana Public Service Commission has jurisdiction over regulated companies as defined at § 69-1-201, MCA.

2. The Public Service Commission is required by Section 69-1-224(4), MCA, to allow immediate recovery of the regulated utility fee by each affected company in its rates and charges on an annual basis.

3. This Order does not apply to companies not rate regulated by the PSC.

4. The increased revenue requirement approved herein is a reasonable means of complying with §§ 69-1-223 et seq., MCA.

ORDER

Regulated companies as defined at § 69-1-201, MCA, are authorized to file tariffs reflecting an MCC tax rate of .07 percent effective October 1, 1997 through September 30, 1998, consistent with the Findings in this Order. This authorization is permissive, not mandatory and effective dates may, at the companies' discretion, be after October 1, 1997.

Regulated companies whose rates reflect an MCC tax of greater than .07 percent must either file new rates or accrue the over collection to a later rate change consistent with the Findings in this Order.

Tariffs must be filed within fifteen (15) days of their proposed effective date.

Done and Dated this 15th day of September, 1997 by a vote of 5-0.
