PSC TO INCLUDE PUBLIC COMMENT PERIOD IN WEEKLY MEETINGS

The state Public Service Commission will begin this week to provide members of the general public an opportunity to comment on PSC-related matters during the PSC's weekly meetings, generally held each Tuesday. The public comment period will be scheduled for 9:30 a.m., immediately prior to the work sessions at which the PSC and its staff discuss pending regulatory issues.

“By inviting public comment at our weekly meetings, the Commission continues and improves upon its long-standing commitment to encouraging public participation in PSC matters,” said PSC Chairman Bob Rowe.

Persons may also submit written comments on pending Commission proceedings either by mail or on the PSC's internet website at <http://www.psc.state.mt.us/>.
