**General Information**

1.) For item No. 1, give the exact full name of the respondent. Use the words "The" and "Company" only when they are parts of the corporate name. The corporate name should also be given uniformly throughout the report, notably on the cover, on the title page, and in the "Verification" (p. 1). If the report is made by receivers, trustees, a committee of bondholders, or individuals otherwise in possession of the property, state names and facts with precision.

2.) For item No. 2, if incorporated under a special charter, give date of passage of the act; if under a general law, give date of filing certificate of organization; if a reorganization has been effected, give date of reorganization. If a receivership or other trust, give also date when such receivership or other possession began. If a partnership, give date of formation and full names of present partners.

3.) For item No. 3, give specific reference to laws of each State or Territory under which organized, citing chapter and section. Include all grants of corporate powers by the United States, or by Canada or other foreign country; also, all amendments to charter. If in bankruptcy, give court of jurisdiction and dates of beginning of receivership or trusteeship and of appointment of receivers of trustees.

4.) For item No. 4, give specific reference to special or general laws under which each consolidation or merger or combination of other form was effected during the year, citing chapter and section. Specify Government, State, Territory under the laws of which each company consolidated or merged or otherwise combined during the year into the present company was organized; give reference to the charters of each, and to all amendments of them. Carefully distinguish between mergers and consolidations. For the purpose of this report, a merger may be defined as the absorption of one of two existing corporations by the other so the absorbed or merged corporation ceases to exist as a legal entity, its property passing to the merging or absorbing corporation, which assumes all of the merged corporation's obligations. A consolidation may be defined as the union of two or more existing corporations into a new corporation, which, through the consolidation, acquires all of the property of the uniting corporations, assumes all of their obligations, and issues its capital stock in exchange for those of the uniting corporations in ratios fixed in the agreement for consolidations, after completion of which both or all of the consolidating corporations cease to exist as legal entities. In a footnote, explain combinations that are not classifiable as mergers or consolidations. Cases in which corporations have become inactive and have been practically absorbed through ownership or control of their entire capital stock, through leases of long duration (under which the lessor companies do not keep up independent organizations for financial purposes), or otherwise, so that no distinction is made in operating or in accounting by reason of the original separate incorporation, should be included in a separate list and fully explained in answering this and the following page.

2. Give date of incorporation.

**Note 1 — General Organization**

CENEX PIPELINE, LLC. owns and operates approximately 724 miles of pipelines that transport refined petroleum products. It is owned (100%) by CHS, Inc. a parent company.

**Plant, Property and Equipment**

CENEX PIPELINE, LLC.'s property, plant and equipment is recorded at its original cost of construction or, upon acquisition, at either the fair value of the assets acquired or the cost to the entity that first placed the asset in utility service. For constructed assets, CENEX PIPELINE, LLC. capitalizes all construction-related direct labor and material costs, as well as indirect construction costs. The indirect construction costs primarily include an interest component (as more fully described below) and labor and related costs associated with supporting construction activities. The indirect capitalized labor and related costs are based upon estimates of time spent supporting construction projects. CENEX PIPELINE, LLC. uses the composite method to depreciate regulated property, plant and equipment. Under this method, assets with similar economic characteristics are grouped and depreciated as one asset. The FERC accepted depreciation rate is applied to the total cost of the group until the net book value equals the salvage value. For certain general plant, the asset is depreciated to zero. When property, plant and equipment is retired, accumulated depreciation and amortization is charged for the original cost of the assets in addition to the cost to remove, sell or dispose of the assets, less salvage value. CENEX PIPELINE, LLC. does not recognize gains or losses unless it sells or retires land. CENEX PIPELINE, LLC. generally, includes gains or losses on dispositions of land in "Other Income and Deductions" on its accompanying Income Statement. CENEX PIPELINE, LLC. capitalizes a carrying cost on debt (interest on construction or IDC) related to the construction of long-lived assets. Interest costs capitalized are included as a reduction in "Interest Expense" on CENEX PIPELINE, LLC.'s accompanying Income Statement. The amounts of capitalized IDC were not significant for the year ended December 31, 2018.

**Note 2 — Line of Credit**

CENEX PIPELINE, LLC. has an agreement with its parent company, CHS, Inc. for a revolving loan in the amount not exceeding USD 200,000,000 (Two Hundred Million Dollars). CENEX PIPELINE, LLC. includes the amount of the loan on its accompanying Balance Sheet "Payables to Affiliated Companies"

**Note 5 – Income Tax**

CENEX PIPELINE, LLC. is considered a disregarded entity for federal income tax purposes and will be included in the consolidated federal income tax return filed by CHS, Inc. CHS, Inc. will pay CENEX PIPELINE, LLC.'s share of taxes based on CENEX PIPELINE, LLC.'s taxable income, which will generally equal the liability that CENEX PIPELINE, LLC. would have incurred as a separate taxpayer.
