2005 Telephone Annual Report

Instructions

General

1. A Microsoft EXCEL workbook of the annual report is being provided on computer disk for your convenience. The workbook contains the schedules of the annual report. Each schedule is on the worksheet named that schedule. For example, Schedule 1 is on the sheet titled "Schedule 1". By entering your company name in the cell named "Company" of the first worksheet, the spreadsheet will put your company name on all the worksheets in the workbook. The same is true for inputting the year of the report in the cell named "YEAR". You can "GOTO" the proper cell by using the F5 key and selecting the name of the cell. You may also obtain these instructions and the report in both an Adobe Acrobat[®] format and as an EXCEL[®] file from our website at <http://psc.mt.gov/> under the "Reports" section on that page. Please be sure you use the 2005 report form. It has been updated and slightly changed from the 2004 report.
2. Use of the disk is optional. The disk and the report cover shall be returned when the report is filed. There are macros built into the workbook to assist you with the report.
3. All forms must be filled out in permanent ink and be legible. Note: Even if the computer disk is used, a printed version of the report shall be filed. **Please submit one unbound copy of the annual report along with the regular number of annual reports that you submit.** This aids in scanning the report so that it may be published on our web site. The orientation and margins are set up on each individual worksheet and should print on one page. If you elect not to use the disk, please format your reports to fit on one 8.5" by 11" page with the left binding edge (top if landscaped) set at .85", the right edge (bottom if landscaped) set at .4", and the remaining two margins at .5".
4. Unless otherwise indicated, all information required in these schedules shall be from the accounts prescribed in 47 C.F.R. Part 32 and the definitions and instructions therein will apply to this report wherever applicable.
5. Information on financial schedules may be rounded to thousands of dollars for companies with over 5,000 access lines. Companies submitting schedules rounded to thousands should so indicate at the top of the schedule.
6. Where more space is needed or more than one schedule is needed additional schedules may be attached and should be included directly behind the original schedule to which it pertains and be labeled accordingly (for example, Schedule 1A).

7. The information required with respect to any statement shall be furnished as a minimum requirement to which shall be added such further information as is necessary to make the required schedules not misleading.
8. The following schedules should be filled out with information on a total company basis:

- Schedules 1 - 4
- Schedule 10
- Schedules 13 - 17
- Schedule 19
- Schedule 20, Page 1 of 2
- Schedules 33 and 34

All other schedules should be filled out with Montana specific data. Financial schedules should include all amounts originating in Montana or allocated to Montana from other jurisdictions.

9. All companies owned by another company shall attach a corporate structure chart of the holding company.
10. The following schedules are not required to be filled out or submitted by companies with less than 5,000 access lines:

- Schedule 6
- Schedules 17 and 18
- Schedule 21

11. Schedules that have no activity during the year or are not applicable to the respondent should be marked as not applicable and submitted with the report.
12. Companies with under 5,000 lines may use summary accounts and should leave lines for subaccounts blank. Summary accounts are noted with an asterisk and subaccounts that are not required are noted with a caret.
13. Companies with over 5,000 lines must complete schedules to all required subaccount detail.
14. FCC Form M sheets may not be substituted in lieu of completing annual report schedules.
15. Common sense must be used when filling out all schedules.
