<b>DESCRIPTION/TITLE OF INFORMATION:</b>	Subsidiaries Balance Sheet & Income Statement Information
--	--

Confidential/Proprietary Designation Rationale:

Knowledge of detailed balance sheet and income statement information for each subsidiary is limited to employees who have a business need to know each of the respective subsidiaries and at corporate headquarters. Specific measures to guard the confidentiality of this information cover not only disclosure, but also transmission, reproduction, and destruction of this proprietary information.

Disclosure of balance sheet and income statement information for individual subsidiaries is not made available outside of Qwest unless it is for business reasons such as financial loan or contractual requirements. In these cases, the information is required to be kept confidential. Disclosure of financial information to the public is generally limited to the consolidated Qwest Services Corporation level, in accordance with SEC regulations. The individual subsidiary financial statements may be considered material insider information under Federal and State Securities laws.

The revenue, expenses and balance sheet information is tantamount in many instances to line of business data that can give competitors valuable insights into specific Qwest subsidiaries and their activities regarding pricing and expenditure strategies and give them an unfair advantage to attract Qwest customers. This information discloses line of business profitability, sales and investment data. In other instances, the corporation could be negatively affected in its competitive environment if information regarding its cost structure and R&D activity is released publicly.

Significant expenditures have been made in the design, development, and maintenance of systems that initiate process and collect financial data. The need to protect confidential information is stressed throughout the process and is the ongoing subject of internal audit review.

### **Calendar Year 2011 ARMIS Reports**

By orders FCC 08-120, FCC 08-203 and FCC 08-271, the Federal Communications Commission (FCC) granted AT&T, Verizon and Qwest forbearance from most ARMIS reporting requirements. Consequently, beginning with calendar year 2008, and with limited exceptions, Qwest no longer files ARMIS reports. The exceptions include the ARMIS Operating Data Report, Table III, cols. FC, FD, FE (FCC 08-203 ¶19) and FI (FCC 08-203 ¶20). In addition, Qwest must collect data required for the ARMIS Service Quality and Customer Satisfaction Reports until September 6, 2010 and make the data publicly available. (FCC 08-203 ¶¶12, 21 and ¶48)

All ARMIS data that Qwest files with the FCC can be obtained at the FCC's ARMIS website: <http://www.fcc.gov/wcb/armis/>
